

# CIPS Knowledge Enterprise

## University of Maryland School of Pharmacy

### The CIPS Knowledge Enterprise

The Center for Innovative Pharmacy Solutions' (CIPS) Knowledge Enterprise prepares pharmacists for new roles in clinical care. CIPS optimizes the expertise of the pharmacist as the medication expert on the health care team. We are dedicated to high quality evidence-based programs.

The CIPS Knowledge Enterprise weaves training activities into strategies to reinforce pharmacist payment initiatives, to evaluate new models of care, and to document outcomes of pharmacist-delivered care.

### Innovations in Learning

Our learning platform offers a convenient way for pharmacists to advance their knowledge, enhance their clinical practice skills, and sharpen their competitive edge.

The CIPS Knowledge Enterprise furnishes a wealth of professional development resources, targets high-priority health care needs, and provides research-driven knowledge. Using a variety of interactive learning technologies, we provide asynchronous online access to:

- Intensive clusters of practice programs
- State-of-the-art practice tools and evidence-based materials
- Life-long access to courses including updates and networking
- Secure systems for registration, tuition payment, and completion records

### Quality is our Priority

The curriculum is written by experts from the top-ranked University of Maryland School of Pharmacy. Every course carries the University's seal of academic approval and meets Accreditation Council for Pharmacy Education standards.

Courses are developed in conjunction with e-Learning experts at Connect for Education using an award-winning learning management system. The learning environment is robust, self-paced, and user-friendly with opportunities to test-drive new skills. Each module is updated regularly to reflect emerging research and user feedback.

### Our Commitment to Value

For organizations with multiple learners, the Knowledge Enterprise offers customized packages and volume discounts.

A one-time portal fee guarantees unlimited access, turning each learning experience into a sustained life-long learning opportunity.
